We respect our clients' confidentiality. For this reason, we are only able to display a small selection of the bespoke projects that we have helped to bring from the drawing board to finished product.

*Some examples of custom made products we manufacture.*

We ensure a quick response and turnaround on each and every order, providing the following services:

- Preparing 2D and 3D computer-aided designs.
- Loading plans.
- Samples.
- Manufacturing and production.
- Quality inspection and packing.
- Customs clearance and final delivery to your warehouse.

- 1** As we own and operate our own factories, we can guarantee consistently high quality at competitive prices.
- 2** We design all of our products with Solidworks software and produce prototypes to ensure clients' specifications are met.
- 3** To ensure consistent quality, we check every step of production. From raw material to the final product.
- 4** All products are manufactured by experienced Sino Concept technicians to ensure the best quality possible.
- 5** Our final products are carefully packed in protective packaging and loaded on metal pallets or in wooden crates for safe shipping.

- 1** You have a direct line to the manufacturer.
- 2** We are flexible due to in-house production.
- 3** Consistently high-quality products.
- 4** Global logistics handling.
- 5** Dynamic sales team.
- 6** **And Competitive prices!**
